*registration fee € 30

An intensive language course, which aims to provide children and teens with the unique possibility of learning Italian in a easy, fun and interactive way, still leaving students with enough free time for family or other commitments. The multinational and small size classes will create an environment for students to progress quickly in their learning with particular attention to communicative skills through peer interaction. The daily group lessons are followed by a one hour self study on an e-learning platform build specially for the course used to reinforce what was taught during the lessons. This program is a perfect place for young students to practice using Italian in natural everyday communication.

* **ALL PROGRAMS INCLUDE:**

Final certificate | Initial language assessment test | 2 lessons daily in a small size class
All online course materials | Access to a digital self study e-learning platform
